## Coffee County Commission paves roads and signs proclamations

By Marvin McIlwain  
Editor

Paving roads and signing proclamations was the order of the day at Monday morning's Coffee County Commission meeting.

Meeting in the cramped quarters of Circuit Judge Gary McAlley's chambers inspired the commissioners to move through their meeting agenda without timely delays. All courtrooms in the Enterprise Courthouse were in use.

Shortly after the invocation and the pledge of allegiance to the American Flag, Commission Chairman Billy Eageron called for the bids to be opened on the paving of County Road 42 near Elba.

Only two bids, one from Wiregrass Construction Company of Enterprise and the other from Couch Construction Company of Dothan, were submitted on the project.

Low bidder was Wiregrass Construction at \$284,968.50. Couch's bid was \$413,426.65.

The commission awarded the bid to Wiregrass subject to checking all their tabulations and receiving the state highway department's approval.

As reported in last week's *Elba Clipper*, the Alabama Industrial Access Bond Authority has approved a \$374,646.30 grant to be used toward payment for the resurfacing and widening of the Packing House Road (Co. Rd. 42).

The road just south of Elba connects Al. Highways 141 and 87 and is approximately 4 miles long. It will provide access to a new industry, a modern chip mill which is nearing completion, and Kelley Foods of Alabama which is a well established meat processing plant also located on the road.

The commission also approved Engineer Mark Pool's recommendation to proceed with the paving of the upper and lower roads into the Jeter Sub-division. Pool estimated the paving cost will be approximately \$26,000.00.

Commissioners were informed

that a total of five (5) residents in the subdivision had refused to provide the county with right-of-way deeds.

Approval was given by the commissions to begin the legal process of condemning the land and proceeding with the paving project.

According to Pool, there are forty-three homes, twenty mobile homes, a church and a boy's camp served by these roads into Jeter Sub-division.

The sub-division is located just off County Road 51 north of New Brockton and these roads have been the topic of many heated discussions during the past several months.

**The Commissioners agreed that it's time to lay this thing to rest.**

The commission was in total agreement that it was time to "lay this thing to rest." A concern about having to condemn anybody's property was shared by all the commission, but all agreed that the paving project should move forward.

Commissioner Jim Dubose asked that the commission draft a resolution recognizing four Coffee County 4-H Club members for winning the National Champion Award for Meat Science Evaluation and Identification. The contest was held at the National Western Stock Show in Denver.

The winning team was composed of Laura Hall, Robyn Rhoades, Grant Coleman and Jamie Brockton. All are students at Elba High School. It was proposed that the resolution be presented during Farm-City Week activities in November.

A proclamation was signed by the commission proclaiming November 22-28 as Farm-City Week in Coffee County. The week's activities will begin with a banquet on Friday night, November 22. During the week, there will be equipment, animal, and commodities displayed at

the Farm Center complex. Also, farm tours will be conducted for interested persons throughout the week.

Other matters addressed and actions taken by the commission were as follows:

\*\*\*Declined an offer by representatives from American Family Life (AFLAC), Margaret Mayo and Tom Peoples, to provide a Cafeteria Plan for Coffee County employees paying insurance premiums. Commissioners noted that such a plan had been tried but was not effectively used by county employees. The plan had just recently been discontinued.

\*\*\*County Administrator Wilson Mobley announced that the next commission meeting would be held on Wednesday, November 13th. Also, the commission voted to meet in the community room located in the Farm Center complex at New Brockton. The meeting will begin at 9:30 a.m.

\*\*\*Agreed to temporarily administer the Home Weatherization Program. Kenneth Hall with the Coffee County Health Department had been serving as the agent for the program. The program benefits the elderly and the low-income individuals/families. Funds are made available through ADECA (Alabama Department of Economic and Community Affairs).

\*\*\*Designated Commissioner Dubose and County Administrator Mobley to attend an ADECA sponsored Community Development Block Grant Workshop to be held in Birmingham on Nov. 19-21.

\*\*\*Commissioners reminded of the dedication ceremony of the new bridges now being completed on County Road 14. The ceremony will begin at 11:30 a.m. on Thursday (today).

\*\*\*Agreed to look into the matter of the possibility of providing office space for the Pea River-Chocowatchee Watershed Authority.

\*\*\*Agreed to allow county employees to have Christmas Eve off as a paid holiday.

**FARM-CITY WEEK PROCLAMATION SIGNED...** Coffee County Commissioners, Bill Faulk, Jim Dubose, Damascus Crittenden, Robert Stephens, Sid Averett, and Eugene Bradley look on as Commission Chairman Billy Eageron signs proclamation proclaiming the week of November 22-28 as Farm-City Week.

## David Stokes appointed to fill vacancy on Elba City Council

by Ferrin Cox  
publisher

Monday evening David Stokes was appointed to the Elba City Council to fill the unexpired term of Randy Bodsle, who resigned two weeks ago.

The discussion and the vote were short and swift, as Stokes' name was the only one considered by the council, at least in the official meeting.

The motion to appoint Stokes was made by council member John W. Sharpless and quickly seconded by council member Donald Lawford.

Stokes was sworn into office Tuesday afternoon by City Attorney Mark Vaughan.

**I DO SOLEMNLY SWEAR...** City Attorney Mark Vaughan (right) administered the oath of office to newly appointed Councilman David Stokes in the council chamber Tuesday evening.

## Motorists: Get use to bucklin' up

During the first year of enforcement of the mandatory seat-belt law, Alabama State Troopers are only issuing warning tickets to motorists when they are stopped for other traffic violations.

Warning tickets are also being given at driver's license checkpoints when seat belts are found not to be in use.

Once the \$25 fine for violations takes effect in the summer of '92, motorists who are caught not wearing their seat belts will be cited once they are stopped for other traffic violations such as speeding.

In mid-July when the seat-belt law went into effect, troopers announced they would not enforce it until all legal questions concerning the law were answered.

Now that those questions have been answered, state troopers have been at work using the new law. According to reports, 5,600 warning tickets have been issued as of September 30th. Troopers began writing the tickets on Labor Day weekend.

The seat-belt laws requires all front seat passengers in a moving vehicle to have their seat belts fastened.

The law exempts people who have a written doctor's statement citing medical reasons for not wearing

a seat belt. Also, rural mail carriers, newspaper delivery drivers, owners of automobiles older than 1965, children already covered by the child restraint law and passengers of motor vehicles which are normally operated in reverse are exempt.

Troopers are presently preparing a public education program to inform the public about the law before fines go into effect.

The bottom line is that Alabama motorists had better get use to bucklin' up!

**APPRECIATION SHOWN...** The U. S. Postal Service proclaimed the week of October 20-26 as Customer Appreciation Week. Last Friday, local postal workers served coffee and donuts to patrons during the morning hours and punch and cookies in the afternoon.

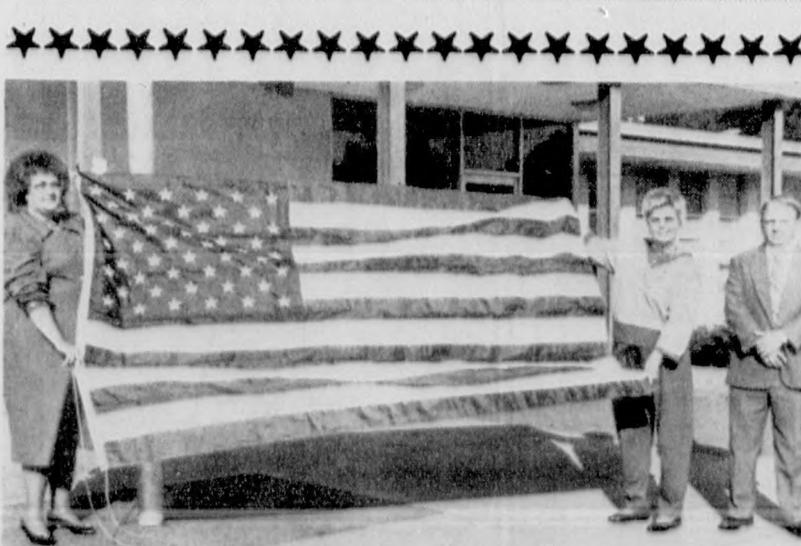

## NEWS IN BRIEF...

Little Miss Kinston Ashy Hunko was named Little Miss National Peanut Festival for 1991-92 during a pageant held Tuesday, November 23, in the Dothan Civic Center. Miss Hunko was chosen from a field of 40 Little Misses from throughout the Tri-State area. All 40 contestants were judged on 10 percent photogenic, 40 percent interview, 25 percent stage poise and personality and 25 percent overall appearance.

Governor Guy Hunt was in New Brockton Wednesday to present the town with a substantial housing grant. A grant was also presented to Coffee County officials to fund expansion of rural water services in the New Hope, Goodman and Ino Communities.

A ribbon cutting ceremony will be held today at 11:30 a.m. at the newly constructed bridges on County Road 14. State and local officials will be on hand for the occasion. These bridges serve as a vital link for traffic going to and from Conagra's facilities which are located on this road. Funding for the replacement of these two bridges was acquired through a grant from the Industrial Access Bond Authority.

New Brockton's regularly scheduled monthly town council meeting will be held on Tuesday, November 5, 1991, at 7:00 p.m. This change is due to a meeting of the Second District Municipal Association being scheduled for Monday, November 4, which is the council's regular meeting day.

**NEW FLAG FLIES OVER EGH...** Woodmen of The World Lodge #1932 of Elba presented Elba General Hospital with a new American Flag. Pictured above as they prepare to raise the new flag are (l-r): Ellen Peterson, hospital administrator; Patsy Lee, administrative assistant; and Larry Bradshaw, Woodmen representative.

## Dickinson's former aide sentenced to 2 years in prison

Congressman Bill Dickinson's former aide, Thomas F. Bracewell, 43, of Dothan, sentenced to two years in prison and ordered to pay \$121,068 in restitution.

The sentence was rendered by U. S. District Judge Myron H. Thomas on Monday. He also ordered Bracewell to be placed on three years supervised release upon his completion of the two-year prison sentence.

Bracewell, who was assistant treasurer of Dickinson's election committee, pled guilty to one count of mail fraud on June 19, 1991.

James Parkman of Dothan, Bracewell's attorney, stated that he and his client were notified of the sentence in the pre-sentencing report and there would be no appeal.

Parkman said, "I think he (Bracewell) handled it very well." The sentence was the results of an investigation into possible embezzlement from Dickinson's campaign fund.

Bracewell will probably continue in his sales job until he reports to prison on December 2, 1991.

## The Opp Jaycees Rattlesnake Rodeo being finalized

The Opp Jaycees are in the process of getting the 1992 Rattlesnake Rodeo finalized.

The Opp Jaycees annual Rattlesnake Rodeo has been billed as one of the most unique events in the Southeast. The 1992 Rattlesnake Rodeo will be held March 6-8. This is the 33rd annual.

Events are centered around the Eastern Diamondback Rattlesnake, including the world's only rattlesnake race. The weekend is packed full of different events like: beautiful and unique arts and crafts, a large selection of traditional and unique concessions, world championship buck dance contest, greased pole climbs, educational snake demonstrations and lectures, and three Rattlin' Country Concerts, one Friday night, one Saturday night, and one Sunday afternoon. The 1992 beauty pageant is scheduled for February 26th, during which a queen and court will be crowned and they will receive over \$3,000.00 in prizes and scholarships.

2. STATUS OF PROCEEDINGS

On April 13, 1985, the court entered  
the following order of certification of the  
instant action as a Fed. R. Civ. P. 23(b)  
(3) class action:(a) All persons or entities growing for  
or making deliveries of broiler pursuant  
to a contract with C-Poultry Co.,  
Ltd., and/or Conagra, Inc., Coffee  
County, Alabama, during the period  
from June 1, 1977 until April 4, 1985,  
other than those properly excluded.(b) On November 27, 1985, the Court,  
after trial by jury, entered judgment in fa-  
vor of the plaintiff class of broiler grow-  
ers against Conagra, Inc.For the period June 1, 1977 to Sep-  
tember 30, 1978, the sum of  
\$200,000.00 compensatory,  
\$1,100,000.00 punitive damages, for  
the period October 1, 1978 through  
March 31, 1981, the sum of  
\$500,000.00 compensatory and  
for the period April 1, 1981 to April  
4, 1985 the sum of \$200,000.00 com-  
pensatory and \$3,000,000.00 punitive  
damages.On August 9, 1990, pre-judgment in-  
terest was awarded by the Court. The  
judgment and accrued interest is being  
held at interest by the Court.The purpose of this Notice is to notify  
class members of the procedure by which  
the proceeds are proposed to be distrib-  
uted and to ascertain the data necessary to  
distribute the judgment proceeds. Dis-  
tribution to class members will be made as  
soon as possible after the necessary in-  
formation has been obtained from class  
members and orders are issued by the  
Court respecting class expenses, attor-  
ney's fees, and Order of Distribution. If  
you object to the Proposed Method of Dis-  
tribution of the Judgment Proceeds as  
set forth you must file a written ob-  
jection with the Clerk of this Court by the  
15th day of November, 1991, stating your  
objections. Request for inspection of doc-  
uments related to the entire litigation may  
be made at the office of the Clerk of the  
Court.PROPOSED METHOD OF DISTRIBUTION  
OF JUDGMENT PROCEEDS3. ELIGIBILITY TO SHARE IN THE  
PROCEEDSIf your name as a grower does not ap-  
pear on the list of growers as submitted  
to the Court during the litigation, you  
may nevertheless file a claim with the  
Clerk of this Court and submit, along with  
your claim, copies of settlement state-  
ments and/or weight tickets and such other  
evidence on loads of broilers delivered by  
you to Conagra, Inc., Coffee County,  
Alabama between June 1, 1977 and April  
4, 1985. Any grower who grew out broil-  
ers for Conagra, Inc., Coffee County, Ala-  
bama during the aforementioned period of  
time is a member of the class and is eligi-  
ble to share in the proceeds of the judg-  
ment unless any such grower requested  
exclusion. You may determine whether  
your name is on the list of growers by  
writing one of the attorneys for the class,  
who are:Joy S. Pittman

4. PLAN OF DISTRIBUTION

If approved by the Court, the amount  
any grower is entitled to receive  
from the judgment proceeds (Grower's  
Aggregate Share) shall be computed on a  
period by period basis, based upon the  
definitions and formula set forth hereinbe-  
low:

5. GROSS EXPENSES

Gross Expenses are defined as all  
sums determined by the Court to have  
been incurred in the pursuit of the judg-  
ment including attorneys' fees.

6. NET RECOVERY

Net Recovery is defined as the differ-  
ence between Gross Recovery and litigation  
expenses.7. REMINDER - CERTAIN INFOR-  
MATION REQUIRED AND CORRECTION  
OF ADDRESSPlease be advised that to receive pay-  
ment YOU MUST furnish your social se-  
curity number or tax identification number

2. STATUS OF PROCEEDINGS

On April 13, 1985, the court entered  
the following order of certification of the  
instant action as a Fed. R. Civ. P. 23(b)  
(3) class action:(a) All persons or entities growing for  
or making deliveries of broiler pursuant  
to a contract with C-Poultry Co.,  
Ltd., and/or Conagra, Inc., Coffee  
County, Alabama, during the period  
from June 1, 1977 until April 4, 1985,  
other than those properly excluded.(b) On November 27, 1985, the Court,  
after trial by jury, entered judgment in fa-  
vor of the plaintiff class of broiler grow-  
ers against Conagra, Inc.For the period June 1, 1977 to Sep-  
tember 30, 1978, the sum of  
\$200,000.00 compensatory,  
\$1,100,000.00 punitive damages, for  
the period October 1, 1978 through  
March 31, 1981, the sum of  
\$500,000.00 compensatory and  
for the period April 1, 1981 to April  
4, 1985 the sum of \$200,000.00 com-  
pensatory and \$3,000,000.00 punitive  
damages.On August 9, 1990, pre-judgment in-  
terest was awarded by the Court. The  
judgment and accrued interest is being  
held at interest by the Court.The purpose of this Notice is to notify  
class members of the procedure by which  
the proceeds are proposed to be distrib-  
uted and to ascertain the data necessary to  
distribute the judgment proceeds. Dis-  
tribution to class members will be made as  
soon as possible after the necessary in-  
formation has been obtained from class  
members and orders are issued by the  
Court respecting class expenses, attor-  
ney's fees, and Order of Distribution. If  
you object to the Proposed Method of Dis-  
tribution of the Judgment Proceeds as  
set forth you must file a written ob-  
jection with the Clerk of this Court by the  
15th day of November, 1991, stating your  
objections. Request for inspection of doc-  
uments related to the entire litigation may  
be made at the office of the Clerk of the  
Court.PROPOSED METHOD OF DISTRIBUTION  
OF JUDGMENT PROCEEDS3. ELIGIBILITY TO SHARE IN THE  
PROCEEDSIf your name as a grower does not ap-  
pear on the list of growers as submitted  
to the Court during the litigation, you  
may nevertheless file a claim with the  
Clerk of this Court and submit, along with  
your claim, copies of settlement state-  
ments and/or weight tickets and such other  
evidence on loads of broilers delivered by  
you to Conagra, Inc., Coffee County,  
Alabama between June 1, 1977 and April  
4, 1985. Any grower who grew out broil-  
ers for Conagra, Inc., Coffee County, Ala-  
bama during the aforementioned period of  
time is a member of the class and is eligi-  
ble to share in the proceeds of the judg-  
ment unless any such grower requested  
exclusion. You may determine whether  
your name is on the list of growers by  
writing one of the attorneys for the class,  
who are:Joy S. Pittman

## Views From The Pressbox

By Ricky Mularz

Tears were shed at the Mularz house Saturday night over the loss of a loved one - Bubby, our eight-year old Siamese cat, that was found dead across the street near our home. We got Bubby just a few weeks after Melissa was born and the two were almost inseparable from the time Melissa started crawling until last weekend. Bubby would scratch us once in a while and many nights I would have to get up in the middle of the night to let him in; however, Bubby slept with Melissa every night and would often stay up with me and lay on the sofa as I watched a ballgame. When ever one of the family was sick, Bubby would crawl up with them and try to make things better, and just last week when Kathy was sick he climbed up on her chest and purred, his way of telling her it would be okay. Bubby survived the flood by climbing up on top of some clothes in an upstairs closet and made three moves with us before we got back home. We all thought he'd be forever, but he didn't make it, and while we'll all be sad for quite a while, we'll never forget him!

### TIGERS EVEN RECORD AT 4-4 WITH HOMECOMING WIN

The Elba Tigers made it back to the .500 mark Friday night when they whipped Monroe County 20-6 to even their record at 4-4. I realize that 4-4 isn't that good a record, especially for a team with the winning tradition of the Elba Tigers, but after losing two top quality players to injuries after two weeks and struggling to a 1-4 start, a 4-4 record is an indication of the pride in the Elba program and a preview of things to come.

Elba was more than a little flat in the first half last week and must have been thinking more about the homecoming parade than the football game. Monroe County's 0-7 record certainly had a little to do with the overconfidence and lack of enthusiasm among the Elba players, and the lack of enthusiasm was more than evident in the first half when Elba managed only one first down and 29 yards in total offense. In the second half the Tigers had the ball for only eight minutes, compared to 16 minutes for Monroe County, but did manage to come up with two goaline stands that enabled the Tigers to keep their lead and then scored late to make the win seem a lot easier than it actually was. The scoreboard may have read 20-6, but the Tigers had a real difficult Friday night and should now realize that anybody on their schedule is capable of beating them.

The Elba offense was out of sync Friday night and the passing game was almost totally non-existent. In the opening quarter Joel Kirkland threw a couple of passes that were on the mark, but dropped, and in the second quarter he hit another receiver in the hands, but it too fell to the ground in-

complete. The passing of Kirkland was on the mark, but the receivers provided no help what so ever.

About the only bright spot in the win on offense was the play of senior tailback Marcus Tyson, who gained 183 yards on 16 carries and scored one touchdown and set up the other two scores. Tyson's yardage is excellent, and when you consider that the entire team totalled 195 yards, his 183 yards are all but 12 yards the entire team managed. Tyson set up for much of the game, only to see crucial penalties kill their hopes of a win. New Brockton may not be in the playoffs; however, there is no doubt that the Gamecocks are a solid 2A club with brighter days ahead.

### STATE POWERS TAKING SHAPE AS SEASON NEARS END

The high school football regular season will draw to a close in just two more weeks and while the talk of playoffs is dominating most conversations, I thought now would be a good time to look at the powers in the various classifications.

CLASS 6A - Robert E. Lee (6-1) moved atop the 6A standings last week with a big 28-7 win over #7 Anniston and it appears that the Generals are once again the best in the state. Lee dominated high school football for a number of years before last year's disappointing season, but are back on track and may be headed for another state crown.

CLASS 5A - Powers are plentiful in this class with Homewood (8-0), last year's runner up, and Gadsden (7-0) leading the way, just ahead of defending champion Blount (8-1), vastly improved Valley (7-1) and newly re-born Opp (7-1). This has to be the most competitive class in the state!

CLASS 4A - Defending champ Deshaire (7-0) has been atop the 4A poll all season and reinforced their top spot last week with a 12-7 win over 5A power Coffee. T.R. Miller (7-0) is unbeaten, but not as good as many think, while Alexandria (8-0) may be a real contender for the crown.

CLASS 3A - Dallas County (8-0) has rolled along against a powderpuff schedule and should enter the playoffs well rested after nothing but easy wins over less than challenging opponents. If the Hornets should get swatted in the playoffs, it may be by Red Bay (8-0), one of the state's highest scoring teams, or possibly Lineville (7-1).

CLASS 2A - Reelton (8-0) and Hazlewood (6-1) are the class of the ouage, with the Rebels of Reelton possibly the better of the two. This class also boasts top teams in Cordova (8-0), Leroy (8-0) and Addison (8-0), with Leroy probably being more of a pretender than a contender.

CLASS 1A - Top-ranked Parrish (8-0) has been destroying all victims throughout the year and last week routed Winterboro 53-22, while McKenzie (8-0) is convinced that this is their year to win it all. Maybe, but don't forget Courtland (3-2) or Arton (8-0).

BRAYES WERE BASEBALL'S BIGGEST WINNERS IN '91  
I know that Atlanta lost the seventh game of the World Series Sunday night to the Twins; however, there is no way that the 1991 Braves aren't the biggest winners in professional baseball. The Braves drew over 2 million fans to their home games during the regular season, an increase of over a million from the 1990 season; had the major's best pitching staff by leaps and bounds and started a national phenomenon with the tomahawk chop (even the Elba and Monroe County bands had a battle of the chop Friday night at the game). The hurt in the eyes of the Atlanta players was evident after the seventh game loss, but that too tells you that the young players of the Braves won't be satisfied until they win the Series, and I, for one, don't think they'll have to wait very long!

WHO SAYS IT GETS EASIER LATE IN THE SEASON?  
Ye Ole Polish Prognosticator wasn't talking quite so much this week when he came in the office and was mumbling to himself about all the upsets that happened in week # 7. It was a rough week, as he hit on 31 of 38 picks, dropping his seasonal state to 217 and 54, which comes out to an average of 80% correct, which really isn't bad at all. This week certainly doesn't get any easier as area rivals start to butt heads for playoff spots, and with the playoffs on the line, nothing is a sure bet.

Here are this week's picks....  
ELBA VS. ANDALUSIA  
The Tigers improved their record to 4-4 last week with a win over 5A Monroe County and this week will once again jump in the 5A ranks with a battle with Andalusia. The Bulldogs have been one of the most improved teams in the state this season and have to be confident playing Elba at home; however, the Tigers are much better than their record indicates and should make believers out of Andalusia!

ELBA 21 ANDALUSIA 17  
NEW BROCKTON VS. KINSTON  
The Gamecocks are still crowing about the controversial calls in last week's loss to Samson and if they don't forget the pain soon, more pain could surface this week against Kinston. The Bulldogs are improving each and every week, but could be playing New Brockton at just the wrong time!

NEW BROCKTON 40 KINSTON 12  
OTHER PICKS:  
Arton 29 Samson 14

## Tigers must play "best game" to defeat Andalusia

The Elba Tigers will be looking to get their record over the .500 mark for the first time this season Friday night when they travel to Andalusia to battle the vastly improved Andalusia Bulldogs.

Elba will carry a 4-4 record and a three-game winning streak into the annual battle with the Bulldogs, while Andalusia will bring a 5-3 state into the contest.

Andalusia has posted wins over Atmore 28-12, Geneva 32-6, Evergreen Hillcrest 16-14, Monroe County 33-14 and Daphne 18-13, while losing to T.R. Miller 23-10, Charles Henderson 14-6 and Greenville 12-3.

"Andalusia has an outstanding football team and it will take our best effort of the year to have a chance at winning over there Friday night," stated Elba's Coach Wood. "They have improved tremendously since last season and are a very confident team with quality athletes and excellent coaches."

"On offense," added Wood, "they line up in both the I and pro-set and like to run the toss sweeps and counters. They have two good backs in Staley, a big, quick tailback, and Johnson, a big fullback that really packs a punch. They also like to throw the football and have one of the best receivers we've seen in Green. Andalusia has a high-powered offense that really challenges

us opposing defenses and can put a lot of points on the scoreboard."

"On defense Andalusia uses an odd man front," said Wood, "and again uses its quickness to get to the ball. They have good linebackers and defensive backs, and a bunch of quick linemen that move around and cause all kind of problems for offensive linemen."

"If we are to even have a chance of winning we'll have to play our best game of the year on both sides of the football and maybe even play better than we can," said Wood. "On offense we'll have to establish the run and at the same time throw the football effectively. We can't let the game get away from us. We won't get a yard! On defense we'll have to play strong on the corners against the toss sweeps and be physical against the powers and straight ahead surges of their fullback. We will also have to play our best in the defensive backfield, because Andalusia likes to put the ball in the air and does it well."

"This is going to be a mighty tough football game for us because Andalusia's quickness may take away some of the things we want to do," said Wood, "and at the same time allow them to do some things we'll have to stop. This game will be a real challenge for our players."

When asked about last week's 20-6 win over Monroe County, Coach Wood stated "We may have gotten a little lucky to win, but the bottom line is that we did win and we'll take it all."

"Monroe County had a solid football team," added Wood, "and we had a hard time all week making our players realize that they were much better than their 0-7 record. They found out Friday night, but by then it was too late and it almost got us whipped."

"The biggest thing we noticed on the film was how we can't win if we don't win on both offense and defense," said Wood. "That showed that we weren't mentally ready to win and that was something I was afraid of. Give Monroe County credit, they came to play and probably played well enough to win."

"On offense," added Wood, "Marcus Tyson had three big runs that really suited in all three of our scores. He had a lot of individual effort, especially on his touchdown run and the long run late in the game, and really carried us when we needed a lift. On defense we played well in spots, like down near our goal line late in the game, but for the most part didn't play very well."

"It was a win," stated Wood, "and when you've had the season we're having, that's what counts."

and Chris Green, both of whom gained over 100 yards in last week's game, and one of the top all-around players in the area in Drexel Brown. Kinston struggled early in the season and dropped lopsided decisions to Straughn 45-24, Samson 30-20 and Houston Academy 35-14, but whipped powerful Red Level 25-20 and played hard against Coffee Springs and Zion Chapel.

Both New Brockton and Kinston were disappointed with last week's losses; however, both know that a win this week would help soothe wounds and give the winner bragging rights, making it quite a game for all county fans!

Kickoff at Kinston is 7:30 p.m.

**New Brockton can claim county crown with victory over Kinston**

There is only one game on the schedule involving county teams this week, but what a game it will be as the New Brockton Gamecocks visit the Kinston Bulldogs in the renewal of a cross-count rivalry.

The Gamecocks (5-3) saw their hopes of a state playoff berth disappear last week with a 25-22 loss to Samson, but can wrap up a county championship with a win over the Bulldogs (2-6), who are coming off a disappointing 30-22 loss to Zion Chapel.

New Brockton has improved by leaps and bounds in recent weeks and had Samson on the ropes in the fourth quarter before falling on a late Samson score. The Gamecocks have outstanding runners in Adrian Cason

and Chris Green, both of whom gained over 100 yards in last week's game, and one of the top all-around players in the area in Drexel Brown. Kinston struggled early in the season and dropped lopsided decisions to Straughn 45-24, Samson 30-20 and Houston Academy 35-14, but whipped powerful Red Level 25-20 and played hard against Coffee Springs and Zion Chapel.

Both New Brockton and Kinston were disappointed with last week's losses; however, both know that a win this week would help soothe wounds and give the winner bragging rights, making it quite a game for all county fans!

Kickoff at Kinston is 7:30 p.m.

When asked about last week's 20-6 win over Monroe County, Coach Wood stated "We may have gotten a little lucky to win, but the bottom line is that we did win and we'll take it all."

"Monroe County had a solid football team," added Wood, "and we had a hard time all week making our players realize that they were much better than their 0-7 record. They found out Friday night, but by then it was too late and it almost got us whipped."

"It was a win," stated Wood, "and when you've had the season we're having, that's what counts."

and Chris Green, both of whom gained over 100 yards in last week's game, and one of the top all-around players in the area in Drexel Brown. Kinston struggled early in the season and dropped lopsided decisions to Straughn 45-24, Samson 30-20 and Houston Academy 35-14, but whipped powerful Red Level 25-20 and played hard against Coffee Springs and Zion Chapel.

Both New Brockton and Kinston were disappointed with last week's losses; however, both know that a win this week would help soothe wounds and give the winner bragging rights, making it quite a game for all county fans!

Kickoff at Kinston is 7:30 p.m.

When asked about last week's 20-6 win over Monroe County, Coach Wood stated "We may have gotten a little lucky to win, but the bottom line is that we did win and we'll take it all."

"Monroe County had a solid football team," added Wood, "and we had a hard time all week making our players realize that they were much better than their 0-7 record. They found out Friday night, but by then it was too late and it almost got us whipped."

"The biggest thing we noticed on the film was how we can't win if we don't win on both offense and defense," said Wood. "That showed that we weren't mentally ready to win and that was something I was afraid of. Give Monroe County credit, they came to play and probably played well enough to win."

"On offense," added Wood, "Marcus Tyson had three big runs that really suited in all three of our scores. He had a lot of individual effort, especially on his touchdown run and the long run late in the game, and really carried us when we needed a lift. On defense we played well in spots, like down near our goal line late in the game, but for the most part didn't play very well."

"It was a win," stated Wood, "and when you've had the season we're having, that's what counts."

ELBA HOMECOMING QUEEN & COURT...Reigning over the homecoming festivities last week at Elba High School were (l-r) Mary Stephens - Freshman attendant; Tiffany Tew - Junior attendant; Jackie Whitefield - Senior attendant; Queen Kim Tindol; Stacy Nunn - Senior attendant; Fabreka Tillis - Attendant and Robyn Rhoades - Sophomore attendant.

Elba tailback Marcus Tyson (23) puts a hand down to regain his balance before breaking away for a 21-yard touchdown run in last week's 20-6 win over Monroe County. Tyson gained 186 yards to lead the Tigers to the homecoming win over Monroe County as the Tigers evened their record at 4-4.

## Elba Tigers even record at 4-4 with 20-6 win over Monroe County

The Elba Tigers combined a big play defense with the running of senior tailback Marcus Tyson Friday night to post a hardfought 20-6 homecoming win over the Monroe County Tigers.

The win, the third straight for the Tigers, upped Elba's record to 4-4, while Monroe County saw its record slip to 0-8 with the loss.

Elba failed to mount any offense on its first possession, but got a break when Monroe County fumbled a Joel Kirkland punt and the Tigers' Tommy Young recovered at the Monroe County 26-yardline.

Kirkland lofted a perfect pass on first down to an Elba receiver in the

corner of the endzone; however, the intended receiver for an incomplete pass, and following a 10-yard loss on a fumble, the Tigers were backed up to the Monroe County 34 and punted the ball away.

Monroe County punched the ball out for one first down, but the Elba defense then stopped the drive and forced a Monroe County punt, that carried only 8 yards and gave the ball to the Tigers at the 33-yardline.

Elba's Marcus Tyson gained 27 yards on first down on a twisting, spinning run that gave the Tigers a yard at the Monroe County 6-yardline, and two plays later Perry Stinson got the call and went in standing up from a yard out to put the Tigers on the scoreboard.

Scotty Dawson added the extra-point with :55 left in the opening stanza the Tigers were on top 7-0.

A pass interception by Elba's Anthony Brashers at the Tiger 37-yardline stopped a Monroe County drive, but the Tigers were still behind 7-0.

Monroe County fielded an Elba punt at its 23-yardline and appeared to have a good return, only to see the ball pop out on a big hit by Kevin Bryan and bounce back 10-yards into the arms of an Elba defender.

The referees marked the ball down at the spot the Monroe County return man was on the ground; however, and apparently didn't realize a fumble had occurred after a punt.

Monroe County managed a drive late in the half and behind the gunning and pass catching of Daniel Glenn moved to a first down at the Elba 37-yardline, but the Elba defense again rose to the challenge and stopped the drive on a pass interception by Perry Stinson on the final play of the half.

Elba received the second half kick, but kept the ball for only one play before turning it over on a pass interception at the Tiger 44-yardline, and then watched as Monroe County marched in for its only score of the night.

The key play in the drive came on fourth down and 8 at the 42, when Monroe County faked a punt and got the needed yardage on a 14-yard scamper by Daniel Glenn. The touchdown came on a 5-yard run by Glenn, but a bad snap foiled the p.a.t. try and with 5:13 left in the third quarter Elba held a slim 7-6 lead.

Teddy Burks returned the ensuing kick 29 yards to give the Tigers excellent field-position at the 45-yardline, and from there it took Elba only 7 plays to cover the 55 yards to the endzone!

A 12-yard run by Marcus Tyson and an 11-yard pass from Joel Kirkland to Perry Stinson were big plays in the drive, while the Tiger score when Tyson took a handoff, broke a tackle at the line of scrimmage and raced 21 yards for the touchdown.

Scotty Dawson added the extra-point and with 1:47 left in the third quarter the Tigers had increased their lead to 14-6.

Monroe County's defense had failed to stop the Tigers; however, the Monroe County offense was mobile behind the line and got the running and passing of quarterback Joey Downs marched to a first down at the Elba 13-yardline.

Monroe County got as close as the 10, but a big play by Scotty Dawson on third down left the visitors facing a fourth and 7 and on the fourth down play Elba's Kenya Adams knocked down a pass in the endzone to stop the threat.

A short Elba punt gave Monroe County the ball back at the Tiger 43-yardline with 5:22 left in the game and Downs again led Monroe County toward the Elba goaline, reaching a first and goal at the 8-yardline.

Perry Stinson and Brian Reedy made big defensive plays on first and second downs to keep Monroe County out of the endzone, while Marcus Tyson made a big play on third down on a sweep and nailed the Monroe runner for a loss, leaving Monroe County facing a fourth and goal at the Elba 5-yardline.

Monroe County tried to score on the ground and nearly reached the endzone, only to see Larry McCormey stopped at the 1-yardline on a big hit by Teddy Burks and Brian Reedy.

Elba had stopped the Monroe County charge and held on to its lead, but with 2:17 left in the game found itself huddled in its own endzone with the football 99-yards from the Monroe County goal.

Marcus Tyson got the call on first down and barely managed to get back out of the endzone, getting out only 1 yard.

Brian Reedy scored one play later on a one-yard plunge, and although the extra-point try missed, Elba had the lead, and the win 20-6, with only 30 left on the clock.

Marcus Tyson gained 183 yards on 16 carries to lead the Elba offense, while Larry McCormey gained 68 yards on 14 carries for Monroe County.

The Elba defense was paced by Brian Reedy with 13 solo tackles and 2 assists, while Teddy Burks added 8 tackles and 3 assists. Perry Stinson made 6 tackles and had a pass interception and Bryce Phillips made 5 stops and had 1 assist.

Tiger quarterback Joel Kirkland (12) pulls away from a would be tackle in last week's homecoming win over Monroe County. Kirkland will lead the Tigers to Andalusia this week with hopes of guiding Elba to its fourth straight win.

## Rebels rally to dump Kinston 30-22

ZION CHAPEL HOMECOMING ROYALTY & ESCORTS... Zion Chapel High School celebrated "Homecoming 1991" last week and reigning over the football games and all festivities were (l-r) Lisa Hodges - Freshman attendant; Kim Pilcher - Senior attendant; Queen Shae Oglesby; Kick! Pilcher - Junior attendant and Chris Green - Sophomore attendant.

By Phillip Miles, Sports Writer

Kinston's 2-5 Bulldogs were hosted by Zion Chapel's 1-6 Rebels Friday night at Zion Chapel's "Homecoming," and the Bulldogs made the trip across the county hoping to claim its second homecoming win in three weeks. It wasn't to be, however, as Zion Chapel exploded in the fourth quarter to post an exciting come-from-behind 30-22 victory.

Kinston wasted little time getting on the scoreboard as the Bulldogs took the opening kickoff and marched in for a quick touchdown.

The Bulldogs marched 57 yards in 10 plays, with Steve Wise getting in the endzone on a six-yard dash.

The drive was highlighted by two pass completions from Kevin Wise to Brent Goin and a 20-yard run by Marcus Cook. Cook added the two-point run and with 8:29 left in the first quarter Kinston had an early 8-0 lead.

The defenses took command following the early Bulldog score as Kinston punted on its next four possessions, while Zion Chapel punted once and three times turned the ball over on downs.

With :43 left in the opening stanza the Rebels' offense finally came to life as Jeremy Law passed 17 yards to Tracy Woods to the Kinston 48-yardline. A facemask penalty tacked on 15 yards to the big completion, and on the next play Law again went to the air and hit Dyrnis Smith on the sidelines with a scoring pass.

The two-point conversion failed, but with :09 left in the half the Rebs were within 8-6.

Kinston got a big break early in the third quarter when Danny Dorrill intercepted a ZC pass and returned it 44 yards to the Rebel 11-yardline; however, the Bulldogs failed to cash in on the scoring chance and the Rebels took over on downs at the 4-yardline.

Kinston got the ball back on a Rebel punt and this time marched 54 yards to increase its lead to 16-6.

The Bulldog drive consumed all of the 4:29 remaining in the third quarter and was highlighted by a 20-yard run by Wesley Reynolds, along with short runs by Wise and Cook.

Reynolds scored on a 3-yard scamper around the right end on the first play of the fourth quarter and Kevin Davis passed to Eric Wesley wide-open Dyrnis Smith. Law also hit Smith on the two-point pass and with 5:32 still left in the game the Rebels had caught the Bulldogs at 16-16.

Zion Chapel was down, but not about to quit against its cross-county rivals, and unleashed its favorite weapon in Tracy Woods on the first play from scrimmage following the opening kickoff.

Woods, one of the state's top running backs, raced 55 yards for a

A Kinston receiver pulls in a pass during action Friday night at Zion Chapel. The Bulldogs led until the final stanza, when the Rebels rallied to post a 30-22 win.

lightning quick score and a two-point pass was successful, cutting the Bulldogs' lead to 16-14 with 11:42 left in the game.

Kinston put the ball in play at its 30-yardline on its ensuing possession and took some of the air out of the Rebels' homecoming balloons by marching 70 yards in 9 plays to stretch the Bulldog lead to 22-14.

Marcus Cook ate up huge chunks of yardage during the drive, while it was Wesley Reynolds who got the score on a twisting 26 yard run. The two-point try failed, but the Bulldogs' lead was up to 22-14 with 6:48 left on the clock.

The Kinston score quieted the crowd; however, the Rebels brought their faithful supporters back to their feet in only a matter of seconds as two plays after the ensuing kickoff Jeremy Law went to the airways and tossed a 49-yard scoring pass to a wide-open Dyrnis Smith. Law also hit Smith on the two-point pass and with 5:32 still left in the game the Rebels had caught the Bulldogs at 22-22.

Kinston began another ground oriented drive on the ensuing possession and moved into Rebel territory, only to be stopped on downs at the ZC 31-yardline.

Only 2:52 remained on the clock, but it was more than enough for the explosive Rebels as Tracy Woods ramblled for 55 yards on a first down play and then scored on the next play from 6 yards out to put the Rebels ahead for the first time in the game!

Zion Chapel tacked on the two-point conversion, and with 1:35 left in the game the Rebels had turned the lights out on the Bulldogs and lighted up the scoreboard by grabbing a 30-22 lead, and the win!

Tracy Woods gained 192 yards on 23 carries to lead the Zion Chapel ground game, while Jeremy Law hit on 8 of 14 passes for 119 yards.

Marcus Cook led Kinston with 111 yards on 22 carries. Wesley Reynolds added 82 yards on 16 carries and scored 2 touchdowns. Steve Wise paced the Bulldog defense with 10 stops and 4 assists.

## Heartbreaking loss ousts Brockton

By Greg Brunson, Sports Writer

The New Brockton Gamecocks and the Samson Tigers met Friday night in what turned out to be a memorable battle.

The Tigers scored two fourth quarter touchdowns to claim a thrilling come-from-behind victory by the score of 25-22.

It didn't take long for the Gamecocks to get the first points of the night as Demetrius Griffin capped a five-play, 64-yard drive with a beautiful 25-yard run on a wingback reverse. Brent Griffin ran for the two-point conversion to make the score 8-0 with 9:54 still left in the first quarter.

The Samson Tigers bounced right back and drove 65 yards in 5 plays. The touchdown came on a halfback pass from Dario Morgan to Joey Stephens that covered 51 yards. Craig McCollough hosted the extra-point to cut the New Brockton lead to 8-7 with 7:58 left in the opening stanza.

Adrian Cason got into the endzone on the Gamecocks' next possession as he galloped 20 yards around the right end. The scoring run capped a 9 play, 66 yard drive. Griffin again added the two-point conversion to stretch the Gamecocks' lead to 16-7 with 3:25 still left in the wild first quarter.

The third quarter was dominated by the defenses as neither team was able to get more than one first down on any possession.

New Brockton got the ball at the Samson 49-yardline late in the third quarter and quickly started a march to the Tiger goalline.

On fourth and 8 from the Samson 36, Chris Green cracked through the middle on a 34-yard pickup. Cason

New Brockton cheerleaders had plenty to cheer about early last week as the Gamecocks pulled ahead of the unbeaten Samson Tigers. Samson rallied to take a 25-22 win.

scored on the next play and with 11:38 left in the game New Brockton had increased its lead to 22-13 over the unbeaten Tigers.

When Samson got the ball back, it unleashed an effective passing attack and raced down the field. Dario Morgan finished the 76 yard, 13 play drive with a 9-yard touchdown run on a toss sweep around the right end.

Adrian Cason blocked the extra-point try and New Brockton was still on top 22-19 with 7:09 left in the game.

Samson's last score of the night came on an 8 play drive that covered 59 yards and was aided by two defensive holding penalties against the Gamecocks, the second of which nullified a Brent Griffin interception at the two-yardline with only 1:30 left in the game.

Morgan got the touchdown on a beautiful 23 yard run on a sweep and although the p.a.t. failed, Samson had the lead for the first time at 25-22 with 1:06 left on the clock and held on for the win.

The Gamecocks had two runners go over the 100-yard mark as Adrian Cason picked up 125 yards on 27 carries and Chris Green added 105 yards on 12 tries. Samson was led by

### Social Security Childhood Disability Rules Revised

Social Security Commissioner Gwendolyn S. King today announced procedures for more than one-half million children, denied Supplemental Security Income (SSI) disability benefits since 1980, to have their claims reevaluated under new rules.

These procedures implement the recent settlement between the government and plaintiffs on the change to the SSI childhood disability program required by the Zebly Supreme Court decision. This decision made far-reaching changes in the way the Social Security Administration evaluates disability in children under the federal, needs-based assistance program called Supplemental Security Income. Currently, more than 350,000 disabled children receive SSI payments totaling about \$125 million each month.

Beginning in July, SSA will mail explanatory notices to those children who were denied SSI for medical reasons between January 1, 1980 and February 27, 1990. Upon receipt of the SSA notice, class members will have 120 days to notify SSA that they want to have their claim adjudicated. A child must respond to the notice in order for SSA to initiate a review. These cases will be adjudicated using the new disability standards established under the Zebly decision - assessing each individual child's ability to perform age-appropriate activities when deciding if a child is disabled.

SSA published the new childhood disability regulation on February 11, 1991. The procedures announced today cover those children denied SSI between January 1, 1980 and February 27, 1990. Additionally, about 60,000 children who were denied SSI benefits under interim adjudicative standards (utilized by SSA following the Supreme Court decision in February 1990 and up to the publication of the new childhood disability regulation in February 1991) will automatically have their cases reevaluated using the new regulation.

SSA estimates that as many as 452,000 individuals may belong to this retroactive class of previously denied children and that those who eventually are found eligible will receive more than \$2 billion over the next five years. In addition, it will cost SSA \$2.2 million in administrative costs over the next three fiscal years to process these cases.

SSA will be undertaking a comprehensive, multi-media public information campaign to increase public awareness of its implementation of the Zebly decision and to assist identifying potential class members. The agency also will be working with the States to locate class members who do not respond to the notices.

## Round & About With Eria - 897-2006

Put on the whole armour of God, that ye may be able to stand against the wiles of the devil.

For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.

Wherefore take unto you the whole armour of God, that ye may be able to withstand the evil day, and having done all, to stand.

Stand therefore, having your loins girt about with truth, and having the breastplate of righteousness;

And your feet shod with the preparation of the gospel of peace;

Above all, taking the shield of faith, wherewith ye shall be able to quench all the fiery darts of the wicked.

And take the helmet of salvation, and the sword of the Spirit, which is the word of God:

Ephesians 6:11-17

Thinking of you, praying for you: The Kelley family, Mrs. Adell Underwood, Mrs. Cath Knight, Mrs. Charlie Jones, Mrs. Jimmie C. Brooks, Mrs. Aldine Jones, and Mrs. Catherine Johnson.

The annual Matron's Day of the St. Mark Baptist Church, Glenwood, Alabama, Rev. Ben Matthews, pastor, will be November 3, 1991 at 2:30 p.m. The guest speaker will be Rev. Charles L. Sankley, pastor of the Jerusalem Baptist Church, Legrand, Alabama.

A VISIT TO THE CANE MILL  
Mrs. Onnie Wade, Elba, visited Mr. Robert Coleman, Elba, recently and watched him make syrup out of cane juice. She says "The syrup smelled so good while it was cooking, and it was so much like helping him with it. This was the first time I had been where the cane was stripped and ground for the juice to make syrup since my father's time, when he was living. My father was the late Scott Lindsey and I hope my brother, Gary Lindsey see's this today is a good day. Be grateful! Eria

### "A Wish For You My Child"

If there could be only one thing in life for me to teach you, I would teach you to love... To respect others so that you may find respect in yourself. To learn the value of giving, so that if ever there comes a time in your life that someone really needs you, you will give. To act in a manner that you would wish to be treated; to be proud of yourself.

To laugh and smile as much as you can, in order to help bring joy back into this world and to have faith in others.

To be understanding... To stand tall in this world and to learn to depend on yourself.

To take only from this earth those things you really need, so there will be enough for others.

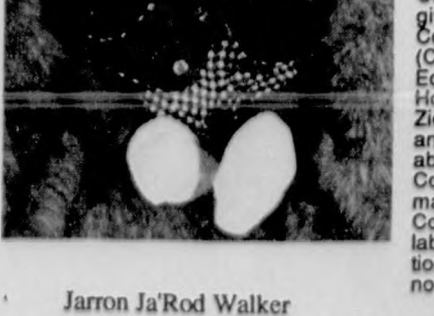

To not depend on money or material things for your happiness, but to learn to appreciate the people who love you, the simple beauty that God gave you and to find peace and security within yourself.

To your, my child, I hope I have taught all of these things, for they are love.

## New Arrival

Jennifer Walker announces the birth of her son, Jarron Ja'Rod Walker on September 11, 1991 at 12:16 a.m. He weighed 7 lbs 10 ozs. and was 21 inches long.

### STATE OF ALABAMA COUNTY OF COFFEE NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, L. Brandon Cooper, Jr. and Michele W. Cooper, husband and wife, executed to The Peoples Bank on the 15th day of September, 1989, a Mortgage to secure an indebtedness described therein, said Mortgage being recorded in Mortgage Book 89-A, Page 789, in the Office of the Judge of Probate of Coffee County at Elba, Alabama; and WHEREAS, default has been made in the payment of the indebtedness secured by said Mortgage and in the performance of the terms of said Mortgage and said default continuing;

NOW, THEREFORE, The Peoples Bank, the owner of said Mortgage, will sell, under and by virtue of the power of sale contained in said Mortgage, at 1:30 o'clock P.M. on Thursday, November 7, 1991, at public auction, to the highest bidder for cash, in front of the Courthouse door of Coffee County, in the City of Elba, Alabama, the real estate embraced in said Mortgage described as follows:

Lot No. 3, Block A, of the Glendon Street Subdivision in the City of Elba, Alabama, being a portion of the land in the Probate Office of Coffee County, at Elba, Alabama, in Plat Book No. 1, on page 83, together with the dwelling and other improvements thereon.

NOTES: Said sale, and any conveyance made in consummation thereof, will be made subject to any existing Federal tax liens, if any, and/or special assessments, if any, which might adversely affect the title to said property.

Said sale will be made for the purpose of satisfying the Mortgage debt, together with all expenses of this sale, including a reasonable attorney's fee.

This 18th day of October, 1991.  
THE OWNER OF SAID MORTGAGE  
L. Brandon Cooper, Jr.

### WAYS TO PREVENT OR REDUCE WASTE IN THE WORK PLACE

Many people are recycling and taking steps toward reducing their waste at home. These efforts should continue in the work place. In whatever capacity you serve, think of ways that you can target waste reduction as a top priority. These are some suggestions to get you started.

1. Reuse file folders, paper clips, padded envelopes, boxes and packing materials.
2. Make two-sided copies as often as possible.
3. When circulating memos or documents, use a single copy with routing slips or use electronic mail, if available.
4. Use the blank side of used paper for scratch paper, then recycle it.
5. Negotiate with suppliers to provide goods in more practical packaging.
6. Purchase more durable and repairable equipment.
7. Purchase durable products, i.e., use mugs instead of disposable cups, refillable pens instead of throwaways.
8. Buy recyclable products such as white pads instead of colored, non-carbon forms, stationery and letterhead.
9. At meetings or events use durable/washable tableware instead of disposable or ask people to bring their own such as a coffee cup.
10. Purchase stationery, scratch pads, business cards, paper towels, toilet paper and facial tissue made from recycled paper.

### 11. Buy envelopes without plastic or cellophane windows as these plain envelopes can be recycled.

### STORING ROOM AIR CONDITIONERS

Fall is in the air-time once again to stow away summer gear and equipment. A few pointers can help you winterize that new room air conditioner you installed in the window during those steamy July days.

Unplug the unit or disconnect it from electric power. Clean thoroughly, following use and care guide instructions.

For through-the-fall units, cover outside exposed parts. Remove the cover panel from front of unit, insert a plastic sheet to reduce the air passage and replace front panel. Allow a small amount of circulation at the bottom to prevent moisture build-up, condensation and mildew. Use the same method for window units that are left in place.

For window units, remove the air conditioner from its mounting according to manufacturer's instructions. Handle carefully to avoid bending the sharp, fragile cooling fins. After removing, set the appliance down in its normal position.

Store in a dry area that's protected from the weather to avoid dampness and damage to insulation. Make sure it's stored in an upright position, not on its top, side, or back. Protect the unit with a dust cover, but leave room for some air circulation to prevent moisture build-up.

## Wildlife Field Day to be held Nov. 11

Richard Fletcher-Associate County Agent

### WILDLIFE FIELD DAY

The annual 4-H Wildlife Field Day will be held on November 11 from 8:00 a.m. until 4:00 p.m. at Camp Alaflo (Boy Scout Camp). The cost will be \$10. You will need to bring a picnic lunch (we'll furnish drinks and a light snack).

Some of the activities to expect are: hunter safety, skeet, riflery, archery, tasting wild game and an Indian soft walk. If you have never shot a 22 rifle, shotgun or bow and arrow, this wildlife day will be a good opportunity for you to learn. If you already have some experience, this will be a good time to improve your skills. Parents are welcome.

For registration, please call the Extension Office at 894-5596 before November 1 if you plan to attend. This will be very important. We have to know how many people plan for and to send you a health card to be signed.

### Nursing exam to be given at MacArthur Technical College November 6

The entrance exam for prospective practical nursing students and others enrolling Winter Quarter at MacArthur State Technical College will be offered Wednesday, November 6, at 2:30 p.m. Applicants should report to the Student Center at 2:15 p.m. There is no fee for the exam. For more information, please call 493-3573.

**RECYCLE YOUR NEWSPAPERS FOR A CLEANER AMERICA**

### FRUIT AND VEGETABLE CONFERENCE

The 1991 Fruit and Vegetable Conference will be held at Auburn University on November 6-8. For more information, call 894-5596.

### New Horizons Seminar Planned October 31st

The New Horizons Seminar will begin Thursday, October 31 at MacArthur State Technical College at 8:00 a.m. Participants learn to apply success strategies in their lives and work including job search skills, stress and time management, and career assessment. All participants are eligible to apply for scholarships, child care assistance and the use of books and tools at MacArthur. To reserve a place in the seminar, call 493-3573.

**CHAMPION 4-H JUDGING TEAM:** From Coffee County shown with their National Champion Awards for Meat Science Evaluation and Identification from the National Western Stock Show in Denver are (left to right) Stan Windham, County Agent; Grant Coleman; Laura Hall; Dr. Bill Jones; Auburn; Jamie Brockton; Robyn Rhoades; and Myrna Rhoades, Leader. These four young people defeated their closest competition from Texas by over 100 points to win this stock show event.

## 4-H'ers win big in Denver

Stan Windham-County Agent

There are many programs young people can get involved in 4-H. Some are farm related and some are more urban in their nature. One of the most competitive events that you can be involved in 4-H is the judging team events. There are livestock, meats judging, and dairy judging teams with four people on each team. Recently Coffee County had a very big winner in the state contest meats judging. By winning at state, these young people were allowed to compete in the National Western Stock Show judging event in Denver on October 19.

Meat evaluation comprises three different categories: 1) Identification of meats, which is thirty cuts. You tell the wholesale and retail cuts; the method of cooking; and what animal it comes from, such as pork, beef or lamb. 2) Another category is the placing of retail cuts, wholesale cuts, and carcasses. These are placed in the order in which they are supposed to be according to a panel of judges.

3) The last category is where you give an oral set of reasons as to why you placed the class like you did. These contests, in the last 15 years, have become extremely competitive all over the nation. The Southeast has not done quite as well as some of the other areas of the country on the national level. But recently, four young people from Elba, Alabama who are on the COFFEE COUNTY 4-H MEATS JUDGING

## Stone Container's Landowner Assistance Program Enters The 10th Year

Stone Container Corporation, Chicago, Illinois, is celebrating the 10th anniversary of its Landowner Assistance (LOA) program. The free private forest management program was first initiated in South Carolina in 1981 to provide professional forestry guidance to non-industrial private forest landowners. In Stone's southeast Alabama and southwest Georgia area of operations, 75% of the productive forest land is owned by private individuals.

The LOA program is designed to link landowners with Stone's experienced forestland managers. Once enrolled in the program, a landowner and forester meet and tour the woodland site, noting both its potential and the landowner's objectives. From this, a mapped, written management plan is developed.

Stone then assists in management activities, including timber

sales, planting projects or timber improvements. In some cases, Stone will furnish free seedlings to the landowner to reforest his/her land. In 1990 over 5 million seedlings were utilized by landowners in the Southeast Alabama and Southwest Georgia areas. All activities are under the landowner's control and proceed only with his/her approval.

Over the past 10 years, Stone's foresters have assisted 3900 private landowners owning collectively 1.8 million acres. Today, this is the largest program of its kind in North America.

Stone's foresters encourage their members to join the American Tree Farm Program, TREASURE Forest, and local organizations that promote sound forestland management and wise use of private property. For more information, you can contact Jim Smith or David Blackwell at P.O. Box 625, Ozark, AL 36360, or (205) 774-1595.

## Stone Container's Landowner Assistance Program Enters The 10th Year

Stone Container Corporation, Chicago, Illinois, is celebrating the 10th anniversary of its Landowner Assistance (LOA) program. The free private forest management program was first initiated in South Carolina in 1981 to provide professional forestry guidance to non-industrial private forest landowners. In Stone's southeast Alabama and southwest Georgia area of operations, 75% of the productive forest land is owned by private individuals.

The LOA program is designed to link landowners with Stone's experienced forestland managers. Once enrolled in the program, a landowner and forester meet and tour the woodland site, noting both its potential and the landowner's objectives. From this, a mapped, written management plan is developed.

Stone then assists in management activities, including timber

sales, planting projects or timber improvements. In some cases, Stone will furnish free seedlings to the landowner to reforest his/her land. In 1990 over 5 million seedlings were utilized by landowners in the Southeast Alabama and Southwest Georgia areas. All activities are under the landowner's control and proceed only with his/her approval.

Over the past 10 years, Stone's foresters have assisted 3900 private landowners owning collectively 1.8 million acres. Today, this is the largest program of its kind in North America.

Stone's foresters encourage their members to join the American Tree Farm Program, TREASURE Forest, and local organizations that promote sound forestland management and wise use of private property. For more information, you can contact Jim Smith or David Blackwell at P.O. Box 625, Ozark, AL 36360, or (205) 774-1595.
